### **VOLUNTEERS REPRESENT COUNTY IN ALBANY**

*Senior Citizen's Month celebrated at reception*

Monroe County Executive Jack Doyle today announced that John Lehr and Gloria Haynie, volunteers in Monroe County's Health Insurance Information Counseling and Assistance Program (HIICAP), will represent Monroe County at a reception paying tribute to New York State's 3.2 million senior citizens at the state's Executive Mansion in Albany on May 1, 2001.

The reception will also introduce Senior Citizen's Month and recognize the valuable service of the state's HIICAP volunteers. Monroe County's HIICAP, administered by the Monroe County Office for the Aging, served more than 4,000 seniors over the past 12 months, helping them find and understand senior health insurances.

John, a resident of Penfield and Gloria, a resident of Pittsford, have volunteered for HIICAP and it's predecessor, AARP's Medicare, Medicaid Assistance Program (MMAAP), since 1988.
